

X5[®]

LITHIUM POWERED FLASHLIGHT WITH 60 LUMENS

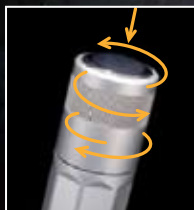

First to introduce the world to the power of LED technology in hand-held battery operated lights, the INOVA X5[®] is an icon among flashlights. Made from aerospace grade aluminum with fanatical care, the breakthrough INOVA X5 features a design so elegant; it sits on display at one of the world's great modern art museums. Five LED lamps recessed into the X5's patented stainless-steel head are each surrounded by individual reflectors, creating an unsurpassed brilliant flood beam pattern. Powered by two 123 lithium batteries, with an amazing 10-year shelf life, the X5's reliable performance makes it perfect for long-term duty.

FEATURES:

- 5 High-Powered, Energy-Efficient Lifetime LEDs
- Precision Machined Aluminum Body
- Shockproof, Crushproof, Water-Resistant Construction with O-Ring seals
- Lumens: 60
- Run time: Up to 20 Hours
- Effective Range: Up to 120'
- Signal Visibility: Up to 1.75 Miles
- Battery Type: 2-123 Lithium Batteries
- Dimensions:
(Length x Diameter):
4.75" (12.07cm) x .865" (2.20cm)
- Weight: 3.49 oz (99g)
- Try me packaging - allows for lighting demonstration
- Limited Lifetime Warranty USA

Anodized Finish: Titanium Color
Model #: X5MT-WT

Anodized Finish: Black Color
Model #: X5MT-WB

3-Position end-cap switch activates momentary on, constant on/off and lockout modes.

Anodized threads provide durability and protection from the elements.

INOVA X5 Individual reflectors surround each of the five LED lamps recessed into the X5's patented stainless steel head.
